History of EVE Marietta

- Began in 1979 as a grassroots effort by area women and service providers to aid survivors of domestic violence and sexual assault.
- The first shelter, a 3-bedroom home, was purchased in 1980 on Greene Street.
- In 1994, the organization moved to a larger facility at an undisclosed location. This increased the number of survivors that could be housed from 9 to 30.
- The use of funding allowed for more programs to be implemented:
 - 80% by federal/state/local grants
 - 20% donations/volunteers
- Started with two paid staff and other volunteer staff

EVE 2026

- EVE now has 11 employees and have multiple volunteers and interns that provide their time and assistance to the shelter
- The shelter has 2 handicap accessible rooms and 10 additional rooms, including 2 that are conjoining, which can assist with accommodating larger families
- The shelter can serve anywhere between 25-30 survivors and their children
- The shelter has a large kitchen and dining area with multiple personal and community refrigerators and personal cabinet space for residents to use. We also have a community living area and children's area inside and out.
- The shelter has a food pantry as well as commodity closets that residents can utilize containing items such as diapers, wipes, toys, personal hygiene products, houseware items, and more as well as an in house laundry area.
- EVE staff participate in training opportunities via OAESV and ODVN to ensure that we utilize best practices and provide trauma informed care to those we serve
- There are a variety of programs and services that we offer to clients, and we are currently working toward expanding those services and enhancing the support that we offer
