Vaccines For Children (VFC) Eligibility

A child is eligible for the VFC Program if he or she is younger than 19 years of age and is one of the following:

- Medicaid-eligible
- Uninsured
- Underinsured
- American Indian or Alaska Native

Public Health
Prevent. Promote. Protect.

**Washington County
Health Department**

Cost and/or Fees

There is no charge for any vaccines given by a VFC provider to eligible children. But there can be some other costs with a vaccination.

**Washington County
Health Department**

317 Adult Vaccination Program

The program provides vaccines to protect populations at higher risk that are ineligible for immunizations through the Vaccines for Children (VFC) Program and to meet urgent public health needs such as controlling vaccine preventable disease (VPD) outbreaks.

Public Health
Prevent. Promote. Protect.

**Washington County
Health Department**

Adult Bridge Program

CDC's Bridge Access Program provides no-cost COVID-19 vaccines to adults without health insurance and adults whose insurance does not cover all COVID-19 vaccine costs.
