First Thursday of each month

12:00 - 12:45 pm

Head Start & Early Head Start

Join staff from Washington Morgan Community Action to learn about Head Start & Early Head Start. Our whole-child, whole-family approach means we care for more than just education. We nurture children's learning, health, and emotional well-being while partnering with families to build stability, confidence, and opportunity. Topics will include participation options, program eligibility, enrollment process, child education and curriculum, family support services, and more!
